

JUST OPENED

Since launching a few years ago, Hemporium in Constantia, Cape Town, has gained a following for innovative products that don't harm the environment. Hemporium peddles an impressive array of eco items — including duvet covers and skin and haircare products — which is why we're thrilled that the store has now opened another branch, this time at the new eco-friendly mall in Cape Town's Long Street, 210 on Long. For more, call (021) 797-8233.

If you have info about store openings, interesting new products, sales or trunk shows, and anything else that might be relevant for Shopping News, e-mail us at shopping@sundaytimes.co.za
